Brunswick Real Estate is a market leading group within real estate advisory, investment management and debt financing in the Nordics. In 2017, Leimdörfer, Sveafastigheter and Brunswick Real Estate Capital changed name to Brunswick Real Estate and formed a one-stop partner for both Nordic and international real estate investors in the Nordic region.

Erik Eliasson, Partner Brunswick Real Estate Investment Banking Advisory:

"We are pleased that our clients and peers once again have recognised us as the leading financial adviser for Nordic real estate related transactions. The survey highlights that Leimdörfer's values, built over 25 years, are firmly established in our broad Brunswick Real Estate offering. We are experiencing strong investor appetite for Nordic real estate and will continue to work hard to always try and exceed our clients' expectations."

Louise Richnau, Partner Brunswick Real Estate Debt Investment Management:

"The interest in institutional funding has grown sharply since we started 2013 as the first party in the Nordic region providing real estate senior debt. It is therefore very pleasing with the appreciation that clients and investors provide expressed in Euromoney's award."

Johan Tengelin, Partner Brunswick Real Estate Equity Investment Management:

"Euromoney's survey is reputed as the benchmark in the global real estate industry, so we are pleased to be once again ranked number one. We work hard to create value for our investors, as well as for our tenants, in the properties we manage. This is proof that our strategy of active and local management is both successful and appreciated."
