20 SEPTEMBER 2013

Sveafastigheter named Best Real Estate Investment Manager in the Nordic and Baltic region 2013

Nordic property fund manager Sveafastigheter has for the second year in a row been named best real estate investment manager in the Nordic and Baltic region by Euromoney. In addition, Sveafastigheter has received the award for best real estate investment manager in both Sweden and Finland separately.

Since 2005, Sveafastigheter has every year received top Euromoney awards on its primary markets and this is the second time that the award is simultaneously received for Sweden and Finland as well as for the Nordic and Baltic region.

– We are delighted to have received the award for best investment manager in the Euromoney Real Estate Survey for Sweden and Finland, which are our primary markets. That we in addition have been named best investment manager in the Nordics and Baltics is even more rewarding as we have during the last two years taken the step into the real estate market in Denmark. The fact that we are consistently clinching top positions is a clear recognition that the Sveafastigheter business model is successful and appreciated by partners and investors alike.
